Operationalizing cloud native

What can we learn from successful organizations?

What can we learn from organizations that have successfully transformed their operating model or even their business model through cloud?

What can we learn from successful organizations?

How do we measure progress on the journey to become cloud native?

What can we learn from successful organizations?

How do you successfully drive cultural change?

About HFS

Insight. Inspiration. Impact.

HFS is a unique analyst organization that combines deep visionary expertise with rapid demand side analysis of the Global 2000. Its outlook for the future is admired across the global technology and business operations industries. Its analysts are respected for their no-nonsense insights based on demand side data and engagements with industry practitioners.

HFS Research introduced the world to terms such as "RPA" (Robotic Process Automation) in 2012 and more recently, the HFS OneOffice™. The HFS mission is to provide visionary insight into the major innovations impacting business operations such as Automation, Artificial Intelligence, Blockchain, Internet of Things, Digital Business Models and Smart Analytics.
